# Maxi-Foliar VinPK Plus

Powerful liquid foliar fertilizer blend of PK and balanced chelated traces in combination with patented amino acids. Note this product has a **neutral pH**

### Some of the benefits include:-

- Cost effective and quick correction of nutrient deficiencies
- Stimulates root activity increasing soil carbon
- Potential for yield increase
- Reduction in base fertilizer costs
- Improves plant brix levels minimizing the effects of frost and disease

TYPICAL ANALYSIS	G/L	% W/V
Phosphorous (P)	102	10.2
Potassium (K)	108	10.8
Plus Fe, Mn, S, Mg, Zn, Cu, B, Co, Mo, Amino Acids		

## APPLICATION

Foliar Application	Rate/Ha	Water
Horticulture	2-6L	400-1500L
Orchards (stone fruit excluded)	2-6L	400-1500L
Viticulture	2 to 5L	400-1200L
Fertigation	Rate/Ha	Water
Horticulture, Viticulture, Orchards	2-6L	400-1500L

**Important:-Do not foliar spray stone-fruit. Do not foliar spray any crop at flowering**

pH 7.2 – 7.4  
SG 1.225

## PACKAGING

10L, 20L, 200L and 1000L
